Greater Manchester Higher Summer School: Delivery Brief

Background

Working with Greater Manchester Higher, AccessHE has agreed to deliver a 2 night / 3 day **(Tuesday 23rd – Thursday 25th July)** residential summer school in London for 50 year 12 students from schools/colleges participating in the National Collaborative Outreach Programme (NCOP) in the Greater Manchester area. I.e. these are students from low participation neighbourhoods and/or from other widening participation backgrounds. We now invite you - our members - to support this exciting initiative to showcase what London HE has to offer!

↳ the *↳ NCOP*

AccessHE are asking for your support in two ways:

- Delivery: the students will be divided into three subject strands for the duration of the summer school: X, X, X. We anticipate that each subject stand will have 15-20 learners depending on interest
- Student Ambassadors

↳ providing

For a full proposed summer school itinerary, please see **Appendix one**.

Delivery

The students will be divided into three subject strands for the duration of the summer school: X, X, X. We anticipate that each subject stand will have 15-20 learners depending on interest. We would like to suggest that your institution deliver the XXX subject strand. However, we would be open to alternative suggestions.

The intention is for these strands to cover their subjects quite broadly through a mixture of both theory and practice with a particular focus on developing transferable skills and knowledge. Ideally, we would like the *subject strand* sessions to build on each other with a discussion of career paths within one of the sessions. The sessions should also be supported by Student Ambassadors; ideally from the North of England, if possible (but not compulsory).

Due to the nature of the summer school, the *delivery of each subject strand* sessions will need to be mobile. Should you agree to participate, the first subject strand session on Tuesday 23rd July 2019 at 15:00-16:00 will take place at a central London University near the Kings Cross area. The remaining two session will take place at a HEI no more than one hour's journey from the King's Cross area on Wednesday 24th July 2019 at 11:30-12:30 and 14:30-15:30.

Please see a proposed schedule of delivery:

Day	Time	Location	Session
Tuesday 23 rd July	15:00-16:00	HEI in the Kings Cross area	Subject Strand – Session 1
Wednesday 24 th July	11:30-12:30	HEI max. one hour from Kings Cross	Subject Strand – Session 2
	14:30-15:30	HEI max. one hour from Kings Cross	Subject Strand – Session 3
