

NEON Symposium 2020

21ST & 22nd October 2020

Chat feature

Session E – Day Two

02:51:05 Mark Walmsley, UEA: Just a reminder for those joining us after the start. The session is being recorded and we ask that folks keep muted during the presentation and use the chat to ask any questions to our presenters.

03:08:50 Andrew Avery: hello!

03:10:18 Jess Spurrell UoS: Super interesting, thanks so much! Wondering if anyone else's role crosses over with Public Engagement as well and if people have discovered the open access journal 'Research for All' which aims to have a balance of contributions from both academics and community organisations? (It's really good!)

03:13:13 Andrew Avery: Great presentation both! We've just come up against the ethical approval timeline issue this week, unable to get formal approval in time for some focus groups with care leavers taking place next month. Our temporary solution is to have members from the relevant ethics committee do some consultation with the team running the focus groups and then apply for approval retrospectively. Any other exp. with ethical approval solutions would be great to hear

03:14:37 Anna: yep

03:14:40 Mark Walmsley, UEA: Yes

03:32:33 Mairi McKinnon: Q. in this collaboration, who is paying for Tableau? Can the schools and colleges access it for free?

03:35:18 Jemma Basham: Great presentation thank you

03:38:48 Dickinsk: Great use of data and tableau. How have you overcome the issue of targeting students with protected characteristics?

03:40:40 Dickinsk: ok thank you

03:53:38 Mark Walmsley, UEA: Please feel free to add your questions for Dan and Greg to the chat throughout the presentation and I will collect these at the end of their talk.

04:04:53 Jack Todd - Hello Future: With your activity data, what is a General HE Information intervention? For us, this tends to be an assembly.

04:05:12 Greg Brown: yeah - same for us jack

04:05:22 Jack Todd - Hello Future: Great, cheers Greg! :)

04:06:18 Marta Almeida: On the general HE info - if you deliver a talk or workshop on how to apply (for example), do you not record this as General HE Info? Would be interested in what people class this as!

04:07:25 Marta Almeida: The number of responses you have is impressive! How did you manage to get so many students respond to Wave 1 and Wave 2? Apologies if this was covered and I missed it.

04:17:36 Marta Almeida: Thank you very much for your presentation, it was really interesting!

04:18:20 Jack Todd - Hello Future: Do you have a good spread across your area, or is one specific part more responsive than others?

04:18:58 Jack Todd - Hello Future: That is GREAT to hear!

04:19:45 Jack Todd - Hello Future: Same for us Dan

04:24:24 Greg Brown: apologies for running over there Jack!

04:24:37 Mark Walmsley, UEA: My fault!

04:37:43 Rita Dattani: Love the idea, is there any follow up in y11?

04:37:50 Miss Trott: Thank you for this interesting to hear about doing a residential with a skills focus rather than a HE focus. I wonder what your plan is for the future of this programme including inviting new students but also sustaining and continuing this with those previously participating? (sorry for the long question)

04:38:08 Roisin: Q. Thanks Jack - the outdoor sector is under pressure with covid do you think the working model could be day trips to centres?

04:43:57 Miss Trott: Sounds great - really interesting. Thank you Jack.

04:43:58 Roisin: We could do an exchange programme our kids in Luton have never been to lakes or countryside

04:45:18 Greg Brown: that sounds like a cool idea - a national exchange

04:46:17 Jack Todd - Hello Future: jack.todd@cumbria.ac.uk

04:46:28 Roisin: Thanks Jack

04:50:15 Mark Walmsley, UEA: We hope you can join us for the NEON Awards 2020 – taking place at 2pm. <https://us02web.zoom.us/j/82503683705?pwd=OFIjWEYzSzE2QzlycllYQlorR1V2Zz09>
